Bob Pierce, Former AAB member and Chair

Pete Krok, EAA Chapter 845 Newsletter Editor

1. CALL TO ORDER, ROLL CALL, PLEDGE OF ALLEGIANCE

The meeting was called to order at 6:06 P.M. followed by the Pledge of Allegiance led by Ms. Biglow.

2. PUBLIC COMMENTS

No public comments were heard at this time, but one was added later (see item 5B).

3. APPROVAL OF THE MINUTES OF THE SPECIAL MEETING OF 04/10/2013

The minutes from the special meeting of April 10, 2013 were reviewed and approved after correction of two minor errors.

4. NEW BUSINESS

A. Report by Hangar 24 on status of May 18th air show planning. This special meeting was scheduled primarily for the AAB to be thoroughly briefed on the events and procedures of the

upcoming Hangar 24 AirFest and 5th Anniversary Celebration to be held at the Redlands Municipal Airport on Saturday, May 18, 2013.

- Mr. Wayne Reid of Hangar 24's Charities, passed out a diagram (map) showing the planned locations of all of the booths, water trucks, stage, rest rooms etc. The gates will open at 9:00 AM and the show will close at 10:00 PM. The newly-formed Hangar 24 Charities will be the beneficiary of all proceeds derived from the AirFest and Anniversary Celebration. He noted that attendance, based on previous events of this nature, is expected to range from 10,000 to 15,000.
- Ms Molly Todd spoke of the general entry/ticket procedures and stated that Hanger 24 will be providing 20 private (uniformed) security personnel. Beer sales will stop at 9:00 PM. Every beer sales point will have a trained Hanger 24 employee present to prevent additional sales to anyone impaired. All ages will be checked for beer sales and all bags will be checked at the entry point. An adequate supply of bottled water will be provided.
- Sgt Jeremy Floyd anticipates being able to provide 15 sworn police officers from the Redlands PD plus a number of uniformed Civilian Volunteer Patrol and Park Rangers. He also commented on the traffic flow and control, and shuttle service to and from downtown Redlands.
- A general discussion followed that included insurance issues, non flying attractions, and the need to move aircraft the day prior to the event. Aircraft movement the day of the event will be tightly controlled.
- The board reiterated that anyone leasing a hangar at the airport must not be restricted from access. The Hanger 24 personnel were reminded that any future air show plan must be brought to the AAB much earlier than this one was, preferably a year ahead.

5. OLD BUSINESS

A. A short discussion was held of the scheduled presentation to the City Council on the annual report on AAB accomplishments for 2012 and goals for 2013. This presentation will take place on May 7, 2013. The ad hoc committee of Mr. Caton, Ms. Biglow, and Mr. Loy will finalize the 5-minute City Council presentation. Mr. Loy will present.

B. Mr. Bob Pearce, a former AAB member, brought up the topic of the water project just to the east of the airport and the very high dirt pile that is part of the project. He maintains that the whole project is a danger to aircraft attempting to land at Redlands, and is in violation of the EIR Report. Mr. Boatman and Ms. Garcia stated that they will assist in getting this issue to the City Council.

6. Possible Agenda Items for Next Meeting

Board Member Miller requested that the QOL staff present a short update on the 2008 Airport Master Plan to include what recommendations (if any) have been accomplished and which of the recommendations are likely to be performed in the near future.

The next Regular Meeting is scheduled on June 5, location TBA

Meeting adjourned at 7:59 PM (Motion by Mr. Klinkebiel, seconded by Mr. Loy).
